Use IRS letter designating your organization a 501 C3

Physical address: where organization is mostly to meet (with covid-might be zoom/home/other)

Name if different than name on 501 c 3 letter-DBA example...IRS letter says ABC / **DBA-XYZ** goes there.

USE labels-please don't make me guess what is what.

Report is due after the project is completed...could be in a month or a year.

Need phone number/name of CEO local (not national person in charge)

Demographics are for local concerns-what is happening here (not national/state)

Fill out whole packet-use tape or other means to keep labels attached to paper (not paper clips-they fall off)

Specific purpose should be concise-one line/two at most basically what \$ w/b spent on.

Please do not write-please see attached...anywhere. Put that attachment where it needs to be.

Please put it in order of labels.

Thank you for considering Tulalip Cares-we wish you the best in this process and would like to support everyone if possible. Respect to all of you for doing such good work in our region.
